

Vimeo: Where Your Entertainment Comes From

Student Assignment

1. How do you feel after watching the dolphins being captured? How do you think the dolphins that had just been captured might feel?
2. Take a few moments and think about how you might feel if you were forcibly removed from your home and your family. Describe how you think you would feel.
3. Before watching this video, were you aware that dolphins were being captured from the ocean? How did you think dolphins that are in aquariums and marine parks got there?
4. Dolphins are top level predators that help keep our ocean ecosystems healthy. Do you think removing some from the ocean will have any effects on the ecosystems? If so, what might some of those effects be?
5. In your opinion, do you think it is OK to take wild animals out of their natural habitat for human entertainment?

6. There are people who oppose dolphin captures and people who support these captures. List one argument you think each side might use to support their position.
